

Hand Sanitizer Gel-EDC

Ethanol Hand Sanitizer Gel
Gel Desinfectante de Manos con Etanol

Softer Skin, Cleaner Hands, Safer Operations

Hand Sanitizer Gel-EDC is a game-changer for businesses looking for fast-acting, reliable hand sanitation that moisturizes as it protects.

- **Germ-fighting:** 70% Ethanol content exceeds WHO and CDC recommendations for hand hygiene
- **Hydrating:** Doesn't dry out hands like ordinary sanitizers
- **Safe:** FDA-approved with clear labeling and unpalatable taste to discourage ingestion
- **Lightly Scented:** No pungent alcohol smell

Featuring our NEW Visco-H₂O Softening Technology

Our proprietary natural polymer+water formulation serves as the base for Hand Sanitizer Gel-EDC. Visco-H₂O is the key to the soft feeling left behind after applying.

Item Code	Case
